Rotary Club of Toowong

Rotary is an international humanitarian service organization.

Our clubs are non-religious, non-governmental and open to every race, creed, culture and gender.

We are men and women - managers, executives, business and professional people from diverse backgrounds - both working and retired; people who are concerned about the less fortunate in our community - and who have joined Rotary because we want to give something back.

We are a service-driven organisation that thinks and acts both globally and locally, helping others and contributing to many worthwhile causes.

Rotarians also meet to have fun, to network and to share experience.
